

## Transformation Initiative

The Transformation Initiative is a tailored offering designed exclusively for colleges and universities seeking to cultivate spiritual growth in their staff, faculty, and students.

## Spiritual Care

Help your staff, faculty, and students experience the transformative love of God, discern the voice of The Holy Spirit, and live more fully into their identity in Christ.

## Institutional Benefits

Foster balanced leadership and healthier personal lives while enhancing the ability to discern God's guidance. This positively shapes campus culture and attracts enrollment from those who value deeply formed graduates.

If we teach what we know, but reproduce who we are, then it is our responsibility as leaders to commit ourselves to deep personal transformation through the power of the Holy Spirit.

I began to feel the call towards becoming a spiritual director in 2014 which led me to complete The Academy of Spiritual Formation and The School of Spiritual Direction through SoulFormation.
